

**SECTION-A**

**Note:**

- 1) Attempting all MCQs is compulsory. This paper along with the OMR sheet must be returned to the superintendent after due time.
- 2) Fill the circle (A)(B)(C)(D), which one is correct with blue or black ball point in separate OMR Sheet like
- 3) If more than one circle in the OMR sheet is filled then no credit will be given to such answer.

I.i. \_\_\_\_\_ computers are used to process & represent continuous Data.

- Analog                       Digital                       Hybrid                       Super

ii. \_\_\_\_\_ are high speed temporary storage location used to hold data and instructions.

- RAM                       ROM                       Register                       Hard Disk

iii. \_\_\_\_\_ is a set of programs containing instructions that coordinates all activities of the computer.

- Networking                       Operating System                       Internet                       None of these

iv. Which program protects computer from many common viruses and Trojans which can be harmful for the system?

- Internet Explorer                       Antivirus                       Excel                       Word

v. Which of the following break options move text to a new page before reaching the end of a page?

- Page break                       Section break                       Line break                       Column break

vi. \_\_\_\_\_ are graphic presentations of data from a worksheet.

- Diagrams                       Algorithms                       Charts                       All of these

vii. In \_\_\_\_\_ Transmission, data is transmitted one byte at a time.

- Duplex                       Guided                       Synchronous                       Asynchronous

viii. \_\_\_\_\_ is intelligent device which routes data to destination computers.

- Router                       Switch                       Bridge                       Hub

ix. In which transmission, data flow only in one direction from the sending device to the receiving device?

- Duplex                       Simplex                       Half Duplex                       Full Duplex

x. In \_\_\_\_\_ network Topology each node is directly connected to the central computer or Hub.

- Ring                       Bus                       Star                       Mesh

xi. The people who do cracking are called \_\_\_\_\_.

- Tracker                       Cyber crime                       Hacker                       Crackers
